**INDUSTRY EXPERTISE**  
**EXPERIENCIA EN LA INDUSTRIA**

Global provider of fluid handling solutions  
Proveedor global de soluciones en control de fluidos

We provide specific **solutions in fluid control** for any process industry and turnkey projects based in **best-in-class-products**: Petrochemical & Refining, Oil & Gas, Chem & Pharma, Power / Solar Thermal Power, Water & Desalination, Pulp & Paper, Mining & Cement, Metals, Marine, Biofuels / Biomass, Food & Beverage, O.E.M....

Suministramos soluciones específicas en control de fluidos para cualquier industria y proyectos llave en mano basados en los mejores productos en su clase: Petroquímica y Refino, Oil & Gas, Química y Farmacia, Energía / Energía Termosolar, Agua y Desalación, Pasta y Papel, Minería y Cemento, Metales, Naval, Biocombustibles / Biomasa, Alimentación y Bebidas, O.E.M....

# SOLAR THERMAL POWER

## Solutions for the Process Industry

We are specialists in thermal solar power. Innovating hand in hand with our customers and developing world-class products focused to power tower and parabolic trough design.

### 1 PRODUCTS FOR HTF (HEAT TRANSFER FLUID)

- » Bellows Seal valves
- » Trunnion mounted Metal seated Ball valves
- » Metal seated Butterfly valves
- » Dual Plate & Nozzle Check valves
- » Loop Control valves
- » Safety valves

### 3 PRODUCTS FOR MOLTEN SALTS STORAGE

- » Globe type valves
- » Metal seated Triple Offset Butterfly valves
- » Swing Check valves

### 2 PRODUCTS FOR WATER & STEAM

- » Gate, Globe & Check valves for Non critical service
- » Gate, Globe & Check valves for Critical service
- » Double Offset Butterfly valves
- » Soft seated & Metal seated Ball valves
- » Metal-to-metal Control valves
- » Safety valves
- » Magnetic, Reflex & Transparent Level Gauges
- » Instrumentation

### 4 PRODUCTS FOR WATER TREATMENT PLANT

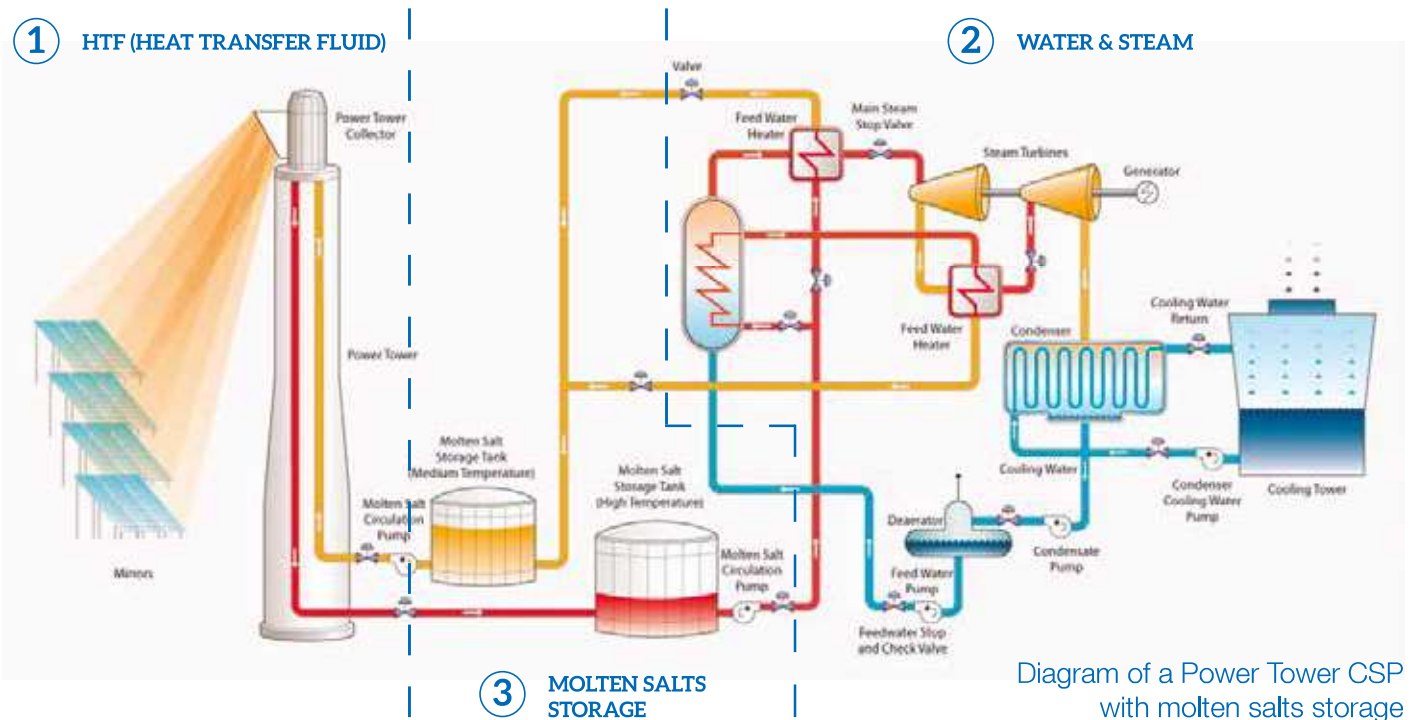

- » Nodular Cast Iron Butterfly valves
- » Resilient Seated Gate valves
- » Knife Gate valves
- » Diaphragm valves
- » Dual Plate Check valves
- » Ball valves for General service
- » Thermoplastic valves
- » Pipe fittings and Pumps (Cast Iron Strainers, Rubber Compensators, Air release valves, Thermoplastic pumps)
- » Instrumentation

### Most representative products for Solar Thermal Power

① HTF (HEAT TRANSFER FLUID)

② WATER & STEAM

③ MOLTEN SALTS STORAGE

Diagram of a Power Tower CSP with molten salts storage

① HTF

② WATER & STEAM
